

Print to the ODU High-Volume Printer (Mac)

Information Technology Services provides high-speed, high-volume printing for all faculty and staff. If you have a print job totaling more than 50 pages, you can print directly from your computer to our Operations Center in the Engineering & Computational Sciences Building.

Download and install [ITS High Volume Printer \(v\)BT0.255 0.446 0.62](#)

- Look for the  icon and click .

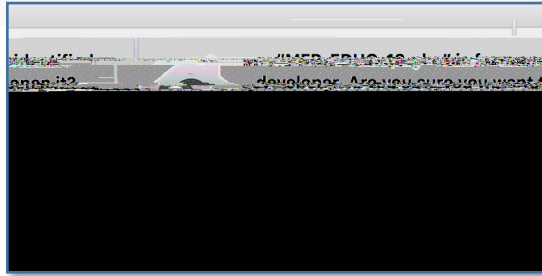

From a personal device:

- Go to <https://docs.odu.edu/restricted/software/studfacstaff/HighVolumePrinterMac.dmg>.
- The driver will download after you log in with your MIDAS ID and password.

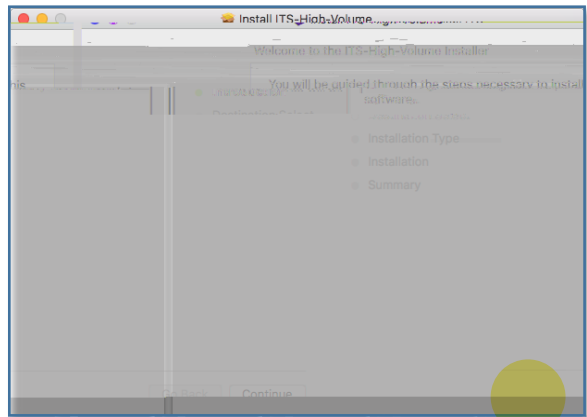

- d. A new window will pop up asking if you're sure you want to open the file. Click **Open**.

6. Click **Continue** to walk through the installation process.

7. Click **Install**, and the MFP will be installed on your machine.

8. The printer should install within a minute or two. Once it's complete, you'll see the following confirmation. Click **OK**.

Print to high-volume printer

1. When you're ready to print your document, click  as you would if you were printing to any other printer.
2. Select    as your printer.
3. Enter the quantity and any other special finishing settings, and click .

If you don't see    as an option in your print dialogue box, contact the ITS Help Desk at itshelp@odu.edu or 683-3192 for assistance.
